16 USC 1862.

“(j) BERING SEA AND ALEUTIAN ISLANDS CRAB RATIONALIZATION.—

Deadline.

“(1) By not later than January 1, 2005, the Secretary shall approve and hereafter implement by regulation the Voluntary Three-Pie Cooperative Program for crab fisheries of the Bering Sea and Aleutian Islands approved by the North Pacific Fishery Management Council between June 2002 and April 2003, and all trailing amendments including those reported to Congress on May 6, 2003. This section shall not preclude the Secretary from approving by January 1, 2005, and implementing any subsequent program amendments approved by the Council.

“(2) Notwithstanding any other provision of this Act, in carrying out paragraph (1) the Secretary shall approve all parts of the Program referred to in such paragraph. Further, no part of such Program may be implemented if, as approved by the North Pacific Fishery Management Council, individual fishing quotas, processing quotas, community development

quota allocation, voluntary cooperatives, binding arbitration, regional landing and processing requirements, community protections, economic data collection, or the loan program for crab fishing vessel captains and crew members, is invalidated subject to a judicial determination not subject to judicial appeal. If the Secretary determines that a processor has leveraged its Individual Processor Quota shares to acquire a harvesters open-delivery “B shares”, the processor’s Individual Processor Quota shares shall be forfeited.

“(3) Subsequent to implementation pursuant to paragraph (1), the Council may submit and the Secretary may implement changes to or repeal of conservation and management measures, including measures authorized in this section, for crab fisheries of the Bering Sea and Aleutian Islands in accordance with applicable law, including this Act as amended by this subsection, to achieve on a continuing basis the purposes identified by the Council.

“(4) The loan program referred to in paragraph (2) shall be carried out pursuant to the authority of sections 1111 and 1112 of title XI of the Merchant Marine Act, 1936 (46 U.S.C. App. 1279f, 1279g).

“(5) For purposes of implementing this section \$1,000,000 shall be made available each year until fully implemented from funds otherwise made available to the National Marine Fisheries Service for Alaska fisheries activities.

“(6) Nothing in this Act shall constitute a waiver, either express or implied, of the antitrust laws of the United States. The Secretary, in consultation with the Department of Justice and the Federal Trade Commission, shall develop and implement a mandatory information collection and review process to provide any and all information necessary for the Department of Justice and the Federal Trade Commission to determine whether any illegal acts of anti-competition, anti-trust, or price collusion have occurred among persons receiving individual processing quotas under the Program. The Secretary may revoke any individual processing quota held by any person found to have violated a provision of the antitrust laws of the United States.

“(7) An individual processing quota issued under the Program shall be considered a permit for the purposes of sections 307, 308, and 309, and may be revoked or limited at any time in accordance with this Act. Issuance of an individual processing quota under the program shall not confer any right of compensation to the holder of such individual processing quota if it is revoked or limited and shall not create, or be construed to create, any right, title, or interest in or to any fish before the fish is purchased from an individual fishing quota holder.

“(8) The restriction on the collection of economic data in section 303 shall not apply with respect to any fish processor who is eligible for, or who has received, individual processing quota under the Program. The restriction on the disclosure of information in section 402(b)(1) shall not apply when the information is used to determine eligibility for or compliance with an individual processing quota program.

Such a pilot program shall: (1) provide for a set-aside of up to 5 percent for the total allowable catch of such fisheries for catcher vessels not eligible to participate in the pilot program, which shall be delivered to shore-based fish processors not eligible to participate in the pilot program; and (2) establish catch limits for non-rockfish species and non-target rockfish species currently harvested with pacific ocean perch, northern rockfish, and pelagic shelf rockfish, which shall be based on historical harvesting of such bycatch species. DC School Choice
Incentive Act of
2003.

TITLE III—DC SCHOOL CHOICE INCENTIVE ACT OF 2003

SEC. 301. SHORT TITLE.

This title may be cited as the “DC School Choice Incentive Act of 2003”.

SEC. 302. FINDINGS.

The Congress finds the following:

(1) Parents are best equipped to make decisions for their children, including the educational setting that will best serve the interests and educational needs of their child.

(2) For many parents in the District of Columbia, public school choice provided for under the No Child Left Behind Act of 2001 as well as under other public school choice programs, is inadequate due to capacity constraints. Available

educational alternatives to the public schools are insufficient and more educational options are needed. In particular, funds are needed to assist low-income parents to exercise choice among enhanced public opportunities and private educational environments, whether religious or nonreligious. Therefore, in keeping with the spirit of the No Child Left Behind Act of 2001, school choice options, in addition to those already available to parents in the District of Columbia (such as magnet and charter schools and open enrollment schools) should be made available to those parents.

(3) In the most recent mathematics assessment on the National Assessment of Educational Progress (NAEP), administered in 2000, a lower percentage of 4th-grade students in the District of Columbia demonstrated proficiency than was the case for any State. Seventy-six percent of the District of Columbia fourth-graders scored at the “below basic” level and of the 8th-grade students in the District of Columbia, only 6 percent of the students tested at the proficient or advanced levels, and 77 percent were below basic. In the most recent NAEP reading assessment, in 1998, only 10 percent of the District of Columbia fourth-graders could read proficiently, while 72 percent were below basic. At the 8th-grade level, 12 percent were proficient or advanced and 56 percent were below basic.

(4) A program enacted for the valid secular purpose of providing educational assistance to low-income children in a demonstrably failing public school system is constitutional under *Zelman v. Simmons-Harris*, 536 U.S. 639 (2002), if it is neutral with respect to religion and provides assistance to a broad class of citizens who direct government aid to religious and secular schools solely as a result of their genuine and independent private choices.

(5) The Mayor of the District of Columbia, the Chairman of the Education Committee of the City Council of the District of Columbia, and the President of the District of Columbia Board of Education support this title.

(6) This title provides additional money for the District of Columbia public schools and therefore money for scholarships is not being taken out of money that would otherwise go to the District of Columbia public schools.

(7) This title creates a 5-year program tailored to the current needs and particular circumstances of low-income children in District of Columbia schools. This title does not establish parameters or requirements for other school choice programs.

SEC. 303. PURPOSE.

SEC. 305. SPECIAL STUDY OF SIMPLIFICATION OF NEED ANALYSIS AND APPLICATION FOR TITLE IV AID. (a) STUDY REQUIRED.—The Advisory Committee on Student Financial Assistance established by section 491 of the Higher Education Act of 1965 (20 U.S.C. 1098), hereafter in this section referred to as “the Advisory Committee”, shall conduct a thorough study of the feasibility of simplifying the need analysis methodology for all Federal student financial assistance programs and the process of applying for such assistance.

20 USC 1087kk
note.

(b) REQUIRED SUBJECTS OF STUDY.—In performing the study, the Advisory Committee shall, at a minimum, examine the following:

(1) whether the methodology used to calculate the expected family contribution can be simplified without significant adverse effects on program intent, costs, integrity, delivery, and distribution of awards;

(2) whether the number of data elements, and, accordingly, the number and complexity of questions asked of students and families, used to calculate the expected family contribution can be reduced without such adverse effects;

(3) whether the procedures for determining such data elements, including determining and updating offsets and allowances, is the most efficient, effective, and fair means to determine a family's available income and assets;

(4) whether the methodology used to calculate the expected family contribution, specifically the consideration of income earned by a dependent student and its effect on Pell grant eligibility, is an effective and fair means to determine a family's available income and a student's need;

(5) whether the nature and timing of the application required in section 483 (a)(1) of the Higher Education Act of 1965 (20 U.S.C. 1090(a)(1)), eligibility and award determination, financial aid processing, and funds delivery can be streamlined further for students and families, institutions, and States;

(6) whether it is feasible to allow students to complete only those limited sections of the financial aid application that apply to their specific circumstances and the State in which they reside;

(7) whether a widely disseminated printed form, or the use of an Internet or other electronic means, can be developed to notify individuals of an estimation of their approximate eligibility for grant, work-study, and loan assistance upon completion and verification of the simplified application form;

(8) whether information provided on other Federal forms (such as the form applying for supplemental security income under title XVI of the Social Security Act, the form for applying for food stamps under the Food Stamp Act of 1977, and the schedule for applying for the earned income tax credit under section 32 of the Internal Revenue Code of 1986) that are designed to determine eligibility for various Federal need-based assistance programs could be used to qualify potential students for the simplified needs test; and

(9) whether any proposed changes to data elements collected, in addition to those used to calculate expected family contribution, or any proposed changes to the form's design or the process of applying for aid, may have adverse effects on program costs, integrity, delivery, or distribution of awards, as well as, application development or application processing.

(c) **ADDITIONAL CONSIDERATIONS.**—In conducting the feasibility study, the Advisory Committee's primary objective under this subsection shall be simplifying the financial aid application forms and process and obtaining a substantial reduction in the number of required data items. In carrying out that objective, the Advisory Committee shall pay special attention to the needs of low-income and moderate-income students and families.

(d) **CONSULTATION.**—

(1) **IN GENERAL.**—The Advisory Committee shall consult with a broad range of interested parties in higher education,

including parents and students, high school guidance counselors, financial aid and other campus administrators, appropriate State administrators, administrators of intervention and outreach programs, and appropriate officials from the Department of Education.

(2) FORMS DESIGN EXPERT.—With the goal of making significant changes to the form to make the questions more easily understandable, the Advisory Committee shall consult a forms design expert to ensure that its recommendations for revision of the application form would assist in making the form easily readable and understood by parents, students, and other members of the public.

(3) CONGRESSIONAL CONSULTATION.—The Advisory Committee shall consult on a regular basis with the Committee on Education and the Workforce of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate in carrying out the feasibility study required by this subsection.
