TITLE I—AMENDMENTS TO THE ECONOMIC OPPORTUNITY ACT

JOB CORPS AMENDMENTS

78 Stat. 508.
42 USC 2711-
2722.

SEC. 101. Part A of title I of the Economic Opportunity Act of 1964 is amended to read as follows:

"PART A—JOB CORPS

"STATEMENT OF PURPOSE

"SEC. 101. This part establishes a Job Corps for low-income, disadvantaged young men and women, sets forth standards and procedures for selecting individuals as enrollees in the Job Corps, authorizes the establishment of residential and/or nonresidential centers in which enrollees will participate in intensive programs of education, vocational training, work experience, counseling, and other activities, and prescribes various other powers, duties, and responsibilities incident to the operation and continuing development of the Job Corps. Its purpose is to assist young persons who need and can benefit from an unusually intensive program, operated in a group setting, to become more responsible, employable, and productive citizens; and to do so in a way that contributes, where feasible, to the development of National, State, and community resources, and to the development and dissemination of techniques for working with the disadvantaged that can be widely utilized by public and private institutions and agencies.

"ESTABLISHMENT OF THE JOB CORPS

"SEC. 102. There is hereby established within the Office of Economic Opportunity a 'Job Corps'.

"INDIVIDUALS ELIGIBLE FOR THE JOB CORPS

"SEC. 103. To become an enrollee in the Job Corps, a young man or woman must be a person who—

"(1) is a permanent resident of the United States who has attained age fourteen but not attained age twenty-two at the time of enrollment;

"(2) is a low-income individual or member of a low-income family who requires additional education, training, or intensive counseling and related assistance in order to secure and hold meaningful employment, participate successfully in regular school-work, qualify for other training programs suitable to his needs, or satisfy Armed Forces requirements;

"(3) is currently living in an environment so characterized by cultural deprivation, a disruptive homelife, or other disorienting conditions as to substantially impair his prospects for successful participation in any other program providing needed training, education, or assistance;

"(4) is determined, after careful screening as provided for in sections 104 and 105, to have the present capabilities and aspirations needed to complete and secure the full benefit of the program authorized in this part, and to be free of medical and behavioral problems so serious that he could not or would not be able to adjust to the standards of conduct and discipline or pattern of work and training which that program involves; and

"(5) meets such other standards for enrollment as the Director may prescribe (including special standards for the enrollment on a residential basis of 14 and 15 year olds) and agrees to comply with all applicable Job Corps rules and regulations.

"SCREENING AND SELECTION OF APPLICANTS—GENERAL PROVISIONS

"SEC. 104. (a) The Director shall prescribe necessary rules for the screening and selection of applicants for enrollment in the Job Corps. To the extent practicable, these rules shall be implemented through arrangements which make use of agencies and organizations such as community action agencies, public employment offices, professional groups, and labor organizations. The rules shall establish specific standards and procedures for conducting screening and selection activities; shall encourage recruitment through agencies and individuals having contact with youths over substantial periods of time and able, accordingly, to offer reliable information as to their needs and problems; and shall provide for necessary consultation with other individuals and organizations, including court, probation, parole, law enforcement, education, welfare, and medical authorities and advisers. They shall also provide for—

"(1) the interviewing of each applicant for the purpose of—

"(A) determining whether his educational and vocational needs can best be met through the Job Corps or any alternative program in his home community;

"(B) obtaining from the applicant pertinent data relating to his background, needs, and interests for evaluation in determining his eligibility and potential assignment; and

"(C) giving the applicant a full understanding of the Job Corps program and making clear what will be expected of him as an enrollee in the event of his acceptance.

"(2) the conduct of a careful and systematic inquiry concerning the applicant's background for the effective development and, as appropriate, clarification of information concerning his age, citizenship, school and draft status, health, employability, past behavior, family income, environment, and other matters related to a determination of his eligibility.

"(b) The Director shall make no payments to any individual or organization solely as compensation for the service of referring the names of candidates for enrollment in the Job Corps.

"(c) The Director shall take all necessary steps to assure that the enrollment of the Job Corps includes an appropriate number of candidates selected from rural areas, taking into account the proportion of eligible youth who reside in rural areas and the need to provide residential facilities for such youth in order to meet problems of wide geographic dispersion.

"SCREENING AND SELECTION—SPECIAL LIMITATIONS

"SEC. 105. (a) No individual shall be selected as an enrollee unless it is determined that there is reasonable expectation that he can participate successfully in group situations and activities with other enrollees, that he is not likely to engage in actions or behavior that would prevent other enrollees from receiving the benefit of the program or be incompatible with the maintenance of sound discipline and satisfactory relationships between any center to which he might be assigned and surrounding communities, and that he manifests a basic understanding of both the rules to which he will be subject and of the consequences of failure to observe those rules. Before selecting an individual who has a history of serious and violent behavior against persons or property, repetitive delinquent acts, narcotics addiction, or other major behavioral aberrations, the Director shall obtain a finding from a professionally qualified person who knows such potential enrollee's individual situation that there is reasonable expectation that his conduct will not be inimical to the goals and success of the Job Corps and that the opportunity provided by the Job Corps will help him to overcome his problem.

"(b) An individual who otherwise qualifies for enrollment may be selected even though he is on probation or parole, but only if his release from the immediate supervision of the cognizant probation or parole officials is mutually satisfactory to those officials and the Director and does not violate applicable laws or regulations, and if the Director has arranged to provide all supervision of the individual and all reports to State or other authorities that may be necessary to comply with applicable probation or parole requirements.

"ENROLLMENT AND ASSIGNMENT

"SEC. 106. (a) No individual may be enrolled in the Job Corps for more than two years, except as the Director may authorize in special cases.

"(b) Enrollment in the Job Corps shall not relieve any individual of obligations under the Universal Military Training and Service Act (50 U.S.C. App. 451 et seq.).

"(c) Each enrollee (other than a native and citizen of Cuba described in section 609(3) of this Act or a permanent resident of the Trust Territory of the Pacific Islands) must take and subscribe to an oath or affirmation in the following form: 'I do solemnly swear (or affirm) that I bear true faith and allegiance to the United States of America and will support and defend the Constitution and laws of the United States against all its enemies foreign and domestic.' The provisions of section 1001 of title 18, United States Code, shall be applicable to this oath or affirmation.

Loyalty oath.
Post, p. 716.

62 Stat. 749.

"(d) After the Director has determined whether an enrollee is to be assigned to a men's training center, a conservation center, or a women's training center, the center to which he shall be assigned shall be that center of the appropriate type in which a vacancy exists which is closest to the enrollee's home, except that the Director, on an individual basis, may waive this requirement when overriding considerations justify such action. Assignments to centers in areas more remote from the enrollee's home shall be carefully limited to situations in which such action is necessary in order to insure an equitable opportunity for disadvantaged youth from various sections of the country to participate in the program, to prevent undue delays in the assignment of individual enrollees, to provide an assignment which adequately meets the educational or other needs of the enrollee or is necessary for efficiency and economy in the operation of the program.

"(e) Assignments of male enrollees shall be made so that, at any one time, at least 40 per centum of those enrollees are assigned to conservation centers, as described in section 107, or to other centers or projects where their work activity is primarily directed to the conservation, development, or management of public natural resources or recreational areas and is performed under the direction of personnel of agencies regularly responsible for those functions.

"JOB CORPS CENTERS

"SEC. 107. (a) The Director may make agreements with Federal, State, or local agencies, or private organizations for the establishment and operation of Job Corps centers. These centers may be residential and/or nonresidential in character and shall be designed and operated so as to provide enrollees, in a well-supervised setting, with education, vocational training, work experience (either in direct program activities or through arrangements with employers), counseling, and other services appropriate to their needs. The centers shall include conservation centers, to be known as Civilian Conservation Centers, to be located primarily in rural areas and to provide, in addition to other training and assistance, programs of work experience focused upon activities to conserve, develop, or manage public natural resources or public recreational areas or to assist in developing community projects in the public interest. They shall also include men's and women's training centers to be located in either urban or rural areas and to provide activities which shall include training and other services appropriate for enrollees who can be expected to participate successfully in training for specific types of skilled or semiskilled employment.

Civilian Conservation Centers.

"(b) To the extent feasible, men's and women's training centers shall offer education and vocational training opportunities, together with supportive services, on a nonresidential basis to participants in programs described in part B of this title. Such opportunities may be offered on a reimbursable basis or through such other arrangements as the Director may specify.

Post, p. 683.

"PROGRAM ACTIVITIES"

"SEC. 108. (a) Each Job Corps center shall be operated so as to provide enrollees with an intensive, well-organized and fully supervised program of education, vocational training, work experience, planned avocational and recreational activities, physical rehabilitation and development, and counseling. To the fullest extent feasible, the required program for each enrollee shall include activities designed to assist him in choosing realistic career goals, coping with problems he may encounter in his home community or in adjusting to a new community, and planning and managing his daily affairs in a manner that will best contribute to long-term upward mobility. Center programs shall include required participation in center maintenance support and related work activity as appropriate to assist enrollees in increasing their sense of contribution, responsibility, and discipline.

Enrollee education and vocational training.

"(b) To the extent practicable, the Director may arrange for enrollee education and vocational training through local public or private educational agencies, vocational educational institutions, or technical institutes where these institutions or institutes can provide training comparable in cost and substantially equivalent in quality to that which he could provide through other means.

High school equivalency certificates.

"(c) Arrangements for education shall, to the extent feasible, provide opportunities for qualified enrollees to obtain the equivalent of a certificate of graduation from high school; and the Director, with the concurrence of the Secretary of Health, Education, and Welfare, shall develop certificates to be issued to enrollees who have satisfactorily completed their services in the Job Corps and which will reflect the enrollee's level of educational attainment.

"(d) The Director shall prescribe regulations to assure that Job Corps work-experience programs or activities do not displace presently employed workers or impair existing contracts for service and will be coordinated with other work-experience programs in the community.

"ALLOWANCE AND SUPPORT"

"SEC. 109. (a) The Director may provide enrollees with such personal, travel, and leave allowances, and such quarters, subsistence, transportation, equipment, clothing, recreational services, and other expenses as he may deem necessary or appropriate to their needs. Personal allowances shall be established at a rate not to exceed \$35 per month during the first six months of an enrollee's participation in the program and not to exceed \$50 per month thereafter, except that allowances in excess of \$35 per month, but not exceeding \$50 per month, may be provided from the beginning of an enrollee's participation if it is expected to be of less than six months' duration, and the Director is authorized to pay personal allowances in excess of the rates specified herein in unusual circumstances as determined by him. Such allowances shall be graduated up to the maximum so as to encourage continued participation in the program, achievement and the best use by the enrollee of the funds so provided and shall be subject to reduction in appropriate cases as a disciplinary measure. To the degree reasonable, enrollees shall be required to meet or contribute to costs associated with their individual comfort and enjoyment from their personal allowances.

"(b) The Director shall prescribe specific rules governing the accrual of leave by enrollees. Except in the case of emergency, he shall in no event assume transportation costs connected with leave of any enrollee who has not completed at least six months service in the Job Corps.

"(c) The Director may provide each former enrollee, upon termination, a readjustment allowance at a rate not to exceed \$50 for each month of satisfactory participation in the Job Corps. No enrollee shall be entitled to a readjustment allowance, however, unless he has remained in the program at least ninety days, except in unusual circumstances as determined by the Director. The Director may, from time to time, advance to or on behalf of an enrollee such portions of his readjustment allowance as the Director deems necessary to meet extraordinary financial obligations incurred by that enrollee; and he may also, pursuant to rules or regulations, reduce the amount of an enrollee's readjustment allowance as a penalty for misconduct during participation in the Job Corps. In the event of an enrollee's death during his period of service, the amount of any unpaid readjustment allowance shall be paid in accordance with the provisions of section 5582 of title 5, United States Code.

Termination of
enrollment.
Readjustment
allowance.

80 Stat. 495.

"(d) Under such circumstances as the Director may determine, a portion of the readjustment allowance of an enrollee not exceeding \$25 for each month of satisfactory service may be paid during the period of service of the enrollee directly to a spouse or child of an enrollee or to any other relative who draws substantial support from the enrollee, and any sum so paid shall be supplemented by the payment of an equal amount by the Director.

"STANDARDS OF CONDUCT

"SEC. 110. (a) Within Job Corps centers, standards of conduct and deportment shall be provided and stringently enforced. In the case of violations committed by enrollees, dismissals from the Corps or transfers to other locations shall be made in every instance where it is determined that retention in the Corps, or in the particular Job Corps center, will jeopardize the enforcement of such standards of conduct and deportment or diminish the opportunity of other enrollees.

"(b) In order to promote the proper moral and disciplinary conditions in the Job Corps, the individual directors of Job Corps centers shall be given full authority to take appropriate disciplinary measures against enrollees including, but not limited to, dismissal from the Job Corps, subject to expeditious appeal procedures to higher authority, as provided under regulations set by the Director.

"COMMUNITY PARTICIPATION

"SEC. 111. The Director shall encourage and shall cooperate in activities designed to establish a mutually beneficial relationship between Job Corps centers and surrounding or nearby communities. These activities shall include the establishment of community advisory councils to provide a mechanism for joint discussion of common problems and for planning programs of mutual interest. Whenever possible, such advisory councils shall be formed by and coordinated under the local community action agency. Youth participation in advisory council affairs shall be encouraged and where feasible separate youth councils may be established, to be composed of representative enrollees and representative young people from the communities. The Director shall establish necessary rules and take necessary action to assure that each center is operated in a manner consistent with this section with a view to achieving, so far as possible, objectives which shall include: (1) giving community officials appropriate advance notice of changes in center rules, procedures, or activities that may affect or be of interest to the community; (2) affording the community a meaningful voice in center affairs of direct concern to it,

Community ad-
visory councils.

including policies governing the issuance and terms of passes to enrollees; (3) providing center officials with full and rapid access to relevant community groups and agencies, including law enforcement agencies and agencies which work with young people in the community; (4) encouraging the fullest practicable participation of enrollees in programs or projects for community improvement or betterment, with adequate advance consultation with business, labor, professional, and other interested community groups and organizations; (5) arranging recreational, athletic, or similar events in which enrollees and local residents may participate together; (6) providing community residents with opportunities to work with enrollees directly, as part-time instructors, tutors, or advisers, either in the center or in the community; (7) developing, where feasible, job or career opportunities for enrollees in the community; and (8) promoting interchanges of information and techniques among, and cooperative projects involving, the center and community schools, educational institutions, and agencies serving young people.

"COUNSELING AND JOB PLACEMENT

"SEC. 112. (a) The Director shall provide for the counseling and testing of each enrollee at regular intervals to follow his progress in educational and vocational programs.

"(b) The Director shall counsel and test each enrollee prior to his scheduled termination to determine his capabilities and shall seek to place him in a job in the vocation for which he is trained and in which he is likely to succeed, or shall assist him in attaining further training or education. In placing enrollees in jobs, the Director shall utilize the United States Employment Service to the fullest extent possible.

"(c) The Secretary of Labor shall make arrangements to determine the status and progress of trainees and to assure that their needs for further education, training, and counseling may be met.

Records.

"(d) Upon termination of an enrollee's training, a copy of his pertinent records, including data derived from his counseling and testing, other than confidential information, shall be made available immediately to the Department of Labor and the Office of Economic Opportunity.

Post, p. 720.

"(e) The Director shall, to the extent feasible in accordance with section 637(b) of this Act, arrange for the readjustment allowance provided for in section 109(c) of this Act, less any sums already paid pursuant to subsection (d) of that section, to be paid to former enrollees (who have not already found employment) at the public employment service office nearest the home of any such former enrollee, if he is returning to his home, or at the nearest such office to the community in which the former enrollee has indicated an intent to reside. The Secretary of Labor shall make arrangements by which public employment service officers will maintain records regarding former enrollees who are thus paid at such offices including information as to—

Records.

"(1) the number of former enrollees who have declined the offices' help in finding a job;

"(2) the number who were successfully placed in jobs without further education or training;

"(3) the number who were found to require further training before being placed in jobs and the types of training programs in which they participated; and

"(4) the number who were found to require further remedial or basic education in order to qualify for training programs, together with information as to the types of programs for which such former enrollees were found unqualified for enrollment.

If the Director deems it advisable to utilize the services of any other public or private organization or agency in lieu of the public employment office, he shall arrange for that organization or agency to make the payment of the readjustment allowance and maintain the same types of records regarding former enrollees as are herein specified for maintenance by public employment service offices, and shall furnish copies of such records to the Secretary of Labor. In the case of enrollees who are placed in jobs by the Director prior to the termination of their participation in the Job Corps, the Director shall maintain records providing pertinent placement and follow-up information.

"EVALUATION; EXPERIMENTAL AND DEVELOPMENTAL PROJECTS

"SEC. 113. (a) The Director shall provide for the careful and systematic evaluation of the Job Corps program, directly or by contracting for independent evaluations, with a view to measuring specific benefits, so far as practicable, and providing information needed to assess the effectiveness of program procedures, policies, and methods of operation. In particular, this evaluation shall seek to determine the costs and benefits resulting from the use of residential as opposed to nonresidential facilities, from the use of facilities combining residential and nonresidential components, from the use of centers with large as opposed to small enrollments, and from the use of different types of program sponsors, including public agencies, institutions of higher education, boards of education, and private corporations. The evaluation shall also include comparisons with proper control groups composed of persons who have not participated in the program. In carrying out such evaluations, the Director shall arrange for obtaining the opinions of participants about the strengths and weaknesses of the program and shall consult with other agencies and officials in order to compare the relative effectiveness of Job Corps techniques with those used in other programs, and shall endeavor to secure, through employers, schools, or other Government and private agencies specific information concerning the residence of former enrollees, their employment status, compensation, and success in adjusting to community life. He shall also secure, to the extent feasible, similar information directly from enrollees at appropriate intervals following their completion of the Job Corps program. The results of such evaluation shall be published and shall be summarized in the report required by section 608.

"(b) The Director may undertake or make grants or contracts for experimental, research, or demonstration projects directed to developing or testing ways of securing the better use of facilities, of encouraging a more rapid adjustment of enrollees to community life that will permit a reduction in the period of their enrollment, of reducing transportation and support costs, or of otherwise promoting greater efficiency and effectiveness in the program authorized under this part. These projects shall include one or more projects providing youths with education, training, and other supportive services on a combined residential and nonresidential basis. The Director may, if he deems it advisable, undertake one or more pilot projects designed to involve youth who have a history of serious and violent behavior against persons or property, repetitive delinquent acts, narcotics addiction, or other behavioral aberrations. Projects under this subsection shall be developed after appropriate consultation with other Federal or State agencies conducting similar or related programs or projects and with the prime sponsors, as described in part B of this title, in the communities where the projects will be carried out. They may be undertaken jointly with other Federal or federally assisted programs, in-

cluding programs under part B of this title, and funds otherwise available for activities under those programs shall, with the consent of the head of any agency concerned, be available to projects under this section to the extent they include the same or substantially similar activities. The Director may waive any provision of this title which he finds would prevent the carrying out of elements of projects under this subsection essential to a determination of their feasibility and usefulness. He shall, either in the report required by section 608 or a separate annual document, report to the Congress concerning the actions taken under this section, including a full description of progress made in connection with combined residential and nonresidential projects.

"(c) In order to determine whether upgraded vocational education schools could eliminate or substantially reduce the school dropout problem, and to demonstrate how communities could make maximum utilization of existing educational and training facilities, the Director, in cooperation with the Commissioner of Education, shall enter into one or more agreements with State educational agencies to pay the cost of establishing and operating model community vocational education schools and skill centers. Such facilities shall be centrally located in an urban area having a high dropout rate, a large number of unemployed youths, and a need in the area for a combination vocational school and skill center. No such agreement shall be entered into unless it contains provisions designed to assure that—

"(1) a job survey be made of the area;

"(2) the training program of the school and skill center reflect the job market needs as projected by the survey;

"(3) an advisory committee composed of representatives of business, labor, education, and community leaders be formed to follow the center's activities and to make periodic recommendations regarding its operation;

"(4) arrangements have been worked out with schools in the area and the administrator of the skill center for maximum utilization of the center both during and after school hours; and

"(5) such accounting and evaluation procedures as the Director and the Commissioner of Education deem necessary to carry out the purpose of this project will be provided.

"ADVISORY BOARDS AND COMMITTEES

"SEC. 114. The Director shall make use of advisory committees or boards in connection with the operation of the Job Corps, and the operation of Job Corps centers, whenever he determines that the availability of outside advice and counsel on a regular basis would be of substantial benefit in identifying and overcoming problems, in planning program or center development, or in strengthening relationships between the Job Corps and agencies, institutions, or groups engaged in related activities. Nothing in this section shall be considered as limiting the functions of the National Advisory Council, established pursuant to section 605 of this Act, with respect to any matter or question involving the Job Corps; but this shall not prevent the establishment through or in cooperation with the National Advisory Council of one or more boards or committees under this section.

80 Stat. 1469.
42 USC 2945.

"PARTICIPATION OF THE STATES

"SEC. 115. (a) The Director shall take necessary action to facilitate the effective participation of States in the Job Corps program, including, but not limited to, consultation with appropriate State agencies on matters pertaining to the enforcement of applicable State laws, standards of enrollee conduct and discipline, the development of mean-

ingful work experience and other activities for enrollees, and coordination with State-operated programs.

“(b) The Director may enter into agreements with States to assist in the operation or administration of State-operated programs which carry out the purpose of this part. The Director may, pursuant to regulations, pay part or all of the operative or administrative costs of such programs.

“(c) No Job Corps center or other similar facility designed to carry out the purpose of this Act shall be established within a State unless a plan setting forth such proposed establishment has been submitted to the Governor, and such plan has not been disapproved by him within 30 days of such submission.

Veto power of Governor.

“(c) Personnel of the uniformed services who are detailed or assigned to duty in the performance of agreements made by the Director for the support of the Corps shall not be counted in computing strength under any law limiting the strength of such services or in computing the percentage authorized by law for any grade therein.

"SPECIAL LIMITATIONS

"SEC. 117. (a) The Director shall not use any funds made available to carry out this part for the fiscal year ending June 30, 1968, in a manner that will increase the residential capacity of Job Corps centers above forty-five thousand enrollees.

"(b) The Director shall take necessary action to assure that on or before June 30, 1968, of the total number of Job Corps enrollees receiving training, at least 25 per centum shall be women. The Director shall immediately take steps to achieve an enrollment ratio of 50 per centum women enrollees in training in the Job Corps consistent with (1) efficiency and economy in the operation of the program, (2) sound administrative practice, and (3) the socioeconomic, educational, and training needs of the population to be served.

"(c) The Director shall take necessary action to assure that for any fiscal year the direct operating costs of Job Corps centers which have been in operation for more than nine months do not exceed \$6,900 per enrollee.

"(d) The Director shall take necessary action to assure that all studies, evaluations, proposals, and data produced or developed with Federal funds in the course of the operation of any conservation or training center shall become the property of the United States.

"POLITICAL DISCRIMINATION AND POLITICAL ACTIVITY

"SEC. 118. (a) No officer or employee of the executive branch of the Federal Government shall make any inquiry concerning the political affiliation or beliefs of any enrollee or applicant for enrollment in the Corps. All disclosures concerning such matters shall be ignored, except as to such membership in political parties or organizations as constitutes by law a disqualification for Government employment. No discrimination shall be exercised, threatened, or promised by any person in the executive branch of the Federal Government against or in favor of any enrollee in the Corps, or any applicant for enrollment in the Corps because of his political affiliation or beliefs, except as may be specifically authorized or required by law.

"(b) No officer, employee, or enrollee of the Corps shall take any active part in political management or in political campaigns, except as may be provided by or pursuant to statute, and no such officer, employee, or enrollee shall use his official position or influence for the purpose of interfering with an election or affecting the result thereof. All such persons shall retain the right to vote as they may choose and to express, in their private capacities, their opinions on all political subjects and candidates. "(c) Whenever the United States Civil Service Commission finds that any person has violated the foregoing provisions, it shall, after giving due notice and opportunity for explanation to the officer or employee or enrollee concerned, certify the facts to the Director with specific instructions as to discipline or dismissal or other corrective actions."

"COMMUNITY PROGRAM AREAS AND COMPREHENSIVE WORK AND TRAINING PROGRAMS

"(b) For the purpose of this part, a community may be a city, county, multicounty, or multicounty unit, an Indian reservation, or a neighborhood or other area (irrespective of boundaries or political subdivisions) which provides a suitable organizational base and possesses the commonality of interest needed for a comprehensive work and training program. The Director shall consult with the heads of other Federal agencies responsible for programs relating to community action, manpower services, physical and economic development, housing, education, health, and other community services to encourage the establishment of coterminous or complementary boundaries for planning purposes among those programs and comprehensive work and training programs assisted under this part.

"(c) A comprehensive work and training program must seek to provide participants an unbroken sequence of services which will enable them to obtain and hold employment. It shall provide a systematic approach to planning and implementation including the linkage of relevant component programs authorized by this Act with one another and with other appropriate public and private programs and activities. It shall also provide for evaluation.

"PRIME SPONSORS AND DELEGATE AGENCIES

"SEC. 122. (a) For each community program area, the Director shall recognize a public or private nonprofit agency which shall serve as the prime sponsor to receive funds under section 123 (except as otherwise provided in section 123(c)). This agency must be capable of planning, administering, coordinating, and evaluating a comprehensive work and training program.

"(b) The prime sponsor shall provide for participation of employers and labor organizations in the planning and conduct of the comprehensive work and training programs.

"(c) The prime sponsor shall be encouraged to make use of public and private organizations as delegate agencies to carry out components of the comprehensive work and training program, including without

limitation agencies governed with the participation of the poor and other residents of the neighborhoods or rural areas served, educational institutions, the public employment service, the public welfare agency, other health and welfare agencies, private training institutions, and other capable public and private organizations.

"(d) The prime sponsor and delegate agencies shall provide for participation of residents of the area and members of the groups served in the planning, conduct, and evaluation of the comprehensive work and training program and its components. Such persons shall be provided maximum employment opportunity in the conduct of component programs, including opportunity for further occupational training and career advancement.

"(e) The Director shall prescribe regulations to assure that programs under this part have adequate internal administrative controls, accounting requirements, personnel standards, evaluation procedures, and other policies as may be necessary to promote the effective use of funds.

"ELIGIBLE ACTIVITIES

"(4) special programs which provide unemployed or low-income persons with jobs leading to career opportunities, including new types of careers, in programs designed to improve the physical, social, economic, or cultural condition of the community or area served in fields including without limitation health, education, welfare, neighborhood redevelopment, and public safety, which provide maximum prospects for advancement and continued employment without Federal assistance, which give promise of contributing to the broader adoption of new methods of structuring jobs and new methods of providing job ladder opportunities, and which provide opportunities for further occupational training to facilitate career advancement;

"(5) special programs which concentrate work and training resources in urban and rural areas having large concentrations or

COMMUNITY ACTION AMENDMENTS

SEC. 104. Title II of the Economic Opportunity Act of 1964 is amended to read as follows:

78 Stat. 516.
42 USC 2781 et
seq.

"TITLE II—URBAN AND RURAL COMMUNITY ACTION PROGRAMS

"STATEMENT OF PURPOSE

"SEC. 201. (a) This title provides for community action agencies and programs, prescribes the structure and describes the functions of community action agencies and authorizes financial assistance to community action programs and related projects and activities. Its basic purpose is to stimulate a better focusing of all available local, State, private, and Federal resources upon the goal of enabling low-income families, and low-income individuals of all ages, in rural and urban areas, to attain the skills, knowledge, and motivations and secure the opportunities needed for them to become fully self-sufficient. Its specific purposes are to promote, as methods of achieving a better focusing of resources on the goal of individual and family self-sufficiency—

"(1) the strengthening of community capabilities for planning and coordinating Federal, State, and other assistance related to the elimination of poverty, so that this assistance, through the efforts of local officials, organizations, and interested and affected citizens, can be made more responsive to local needs and conditions;

"(2) the better organization of a range of services related to the needs of the poor, so that these services may be made more effective and efficient in helping families and individuals to overcome particular problems in a way that takes account of, and supports their progress in overcoming, related problems;

"(3) the greater use, subject to adequate evaluation, of new types of services and innovative approaches in attacking causes of poverty, so as to develop increasingly effective methods of employing available resources;

"(4) the development and implementation of all programs and projects designed to serve the poor or low-income areas with the maximum feasible participation of residents of the areas and members of the groups served, so as to best stimulate and take full advantage of capabilities for self-advancement and assure that those programs and projects are otherwise meaningful to and widely utilized by their intended beneficiaries; and

"(5) the broadening of the resource base of programs directed to the elimination of poverty, so as to secure, in addition to the services and assistance of public officials, private religious, charitable, and neighborhood organizations, and individual citizens, a more active role for business, labor, and professional groups able to provide employment opportunities or otherwise influence the quantity and quality of services of concern to the poor.

"(b) It is further declared to be the purpose of this title and the policy of the Office of Economic Opportunity to provide for basic education, health care, vocational training, and employment opportunities in rural America to enable the poor living in rural areas to remain in such areas and become self-sufficient therein. It shall not be the purpose of this title or the policy of the Office of Economic Opportunity to encourage the rural poor to migrate to urban areas, inasmuch as it is the finding of Congress that continuation of such migration is frequently not in the best interests of the poor and tends to further congest the already overcrowded slums and ghettos of our Nation's cities.

Office of Economic Opportunity, statement of policy.

"PART A—COMMUNITY ACTION AGENCIES AND PROGRAMS

"DESIGNATION OF COMMUNITY ACTION AGENCIES; COMMUNITY ACTION PROGRAMS

"SEC. 210. (a) A community action agency shall be a State or political subdivision of a State (having elected or duly appointed governing officials), or a combination of such political subdivisions, or a public or private nonprofit agency or organization which has been designated by a State or such a political subdivision or combination of such subdivisions, which—

"(1) has the power and authority and will perform the functions set forth in section 212, including the power to enter into contracts with public and private nonprofit agencies and organizations to assist in fulfilling the purposes of this title, and

"(2) is determined to be capable of planning, conducting, administering and evaluating a community action program and is currently designated as a community action agency by the Director.

Community action program.

A community action program is a community based and operated program—

“(1) which includes or is designed to include a sufficient number of projects or components to provide, in sum, a range of services and activities having a measurable and potentially major impact on causes of poverty in the community or those areas of the community where poverty is a particularly acute problem;

“(2) which has been developed, and which organizes and combines its component projects and activities, in a manner appropriate to carry out all the purposes of this title; and

“(3) which conforms to such other supplementary criteria as the Director may prescribe consistent with the purposes and provisions of this title.

“(b) Components of a community action program may be administered by the community action agency, where consistent with sound and efficient management and applicable law, or by other agencies. They may be projects eligible for assistance under this title, or projects assisted from other public or private sources; and they may be either specially designed to meet local needs, or designed pursuant to the eligibility standards of a State or Federal program providing assistance to a particular kind of activity which will help in meeting those needs.

“(c) For the purpose of this title, a community may be a city, county, multicity, or multicounty unit, an Indian reservation, or a neighborhood or other area (irrespective of boundaries or political subdivisions) which provides a suitable organizational base and possesses the commonality of interest needed for a community action program. The Director shall consult with the heads of other Federal agencies responsible for programs relating to work and training programs, physical and economic development, housing, education, health, and other community services to encourage the establishment of coterminous or complementary boundaries for planning purposes among those programs and community action programs assisted under this title.

Financial assistance.

“(d) The Director may designate and provide financial assistance to a public or private nonprofit agency as a community action agency in lieu of a community action agency designated under subsection (a) for activities of the kind described in this title where he determines (1) that the community action agency serving the community has failed, after having a reasonable opportunity to do so, to submit a satisfactory plan for a community action program which meets the criteria for approval set forth in this title, or to carry out such plan in a satisfactory manner, or (2) that neither the State nor any qualified political subdivision or combination of such subdivisions is willing to be designated as the community action agency for such community or to designate a public or private nonprofit agency or organization to be so designated by the Director.

“(e) No political subdivision of a State shall be included in the community action program of a community action agency designated under section 210(a) if the elected or duly appointed governing officials of such political subdivision do not wish to be so included. Such political subdivision, and any public or private nonprofit organization or agency designated by it, shall be eligible for designation as a community action agency on the same basis as other political subdivisions and their designees.

“(f) For the purposes of this title, a tribal government of an Indian reservation shall be deemed to be a political subdivision of a State.

"COMMUNITY ACTION AGENCIES AND BOARDS

"SEC. 211. (a) Each community action agency which is a State or a political subdivision of a State, or a combination of political subdivisions, shall administer its program through a community action board which shall meet the requirements of subsection (b). Each community action agency which is a public or private nonprofit agency or organization designated by a State or political subdivision of a State, or combination of political subdivisions, or is an agency designated by the Director under section 210(d), shall have a governing board which shall meet the requirements of subsection (b).

"(b) Each board to which this subsection applies shall consist of not more than fifty-one members and shall be so constituted that (1) one-third of the members of the board are public officials, including the chief elected official or officials, or their representatives, unless the number of such officials reasonably available or willing to serve is less than one-third of the membership of the board, (2) at least one-third of the members are persons chosen in accordance with democratic selection procedures adequate to assure that they are representative of the poor in the area served, and (3) the remainder of the members are officials or members of business, industry, labor, religious, welfare, education, or other major groups and interests in the community. Each member of the board selected to represent a specific geographic area within a community must reside in the area he represents. No person selected under clause (2) or (3) of this subsection as a member of a board shall serve on such board for more than three consecutive years, or more than a total of six years.

Board membership.

"(c) Where a community action agency places responsibility for major policy determinations with respect to the character, funding, extent, and administration of and budgeting for programs to be carried on in a particular geographic area within the community in a subsidiary board, council, or similar agency, such board, council, or agency shall be broadly representative of such area, subject to regulations of the director which assure adequate opportunity for membership of elected public officials on such board, council, or agency. Each community action agency shall be encouraged to make use of neighborhood-based organizations composed of residents of the area or members of the groups served to assist such agency in the planning, conduct, and evaluation of components of the community action program.

"(d) (1) The Director shall promulgate such standards or rules relating to the scheduling and notice of meetings, quorums (which shall be not less than 50 per centum of the total membership), procedures, establishment of committees, and similar matters as he may deem necessary to assure that boards which are subject to subsection (b) provide a continuing and effective mechanism for securing broad, community involvement in programs assisted under this title and that all groups or elements represented on those boards have a full and fair opportunity to participate in decisions affecting those programs. Such standards or rules shall not preclude any such board from appointing an executive committee or similar group, which fairly reflects the composition of the board, to transact the board's business between its meetings. The quorum requirements for any such committee or group, which shall not be less than 50 percent of the membership, shall be established by the board.

Board standards.

"(2) The Director shall require community action agencies to establish procedures under which community agencies and representative groups of the poor which feel themselves inadequately represented on the community action board or governing board may petition for adequate representation.

Board powers.

"(e) The powers of every community action agency governing board shall include the power to appoint persons to senior staff positions, to determine major personnel, fiscal, and program policies, to approve overall program plans and priorities, and to assure compliance with conditions of and approve proposals for financial assistance under this title.

"(f) Each community action board referred to in the first sentence of subsection (a) shall—

"(1) have a full opportunity to participate in the development and implementation of all programs and projects designed to serve the poor or low-income areas with maximum feasible participation of residents of the areas and members of the groups served, so as to best stimulate and take full advantage of capabilities for self-advancement and assure that those programs and projects are otherwise meaningful to and widely utilized by their intended beneficiaries;

"(2) have at least one-third of its members chosen in accordance with democratic selection procedures adequate to assure that they are representative of the poor in the area served;

"(3) be so established and organized that the poor and residents of the area concerned will be enabled to influence the character of programs affecting their interests and regularly participate in the planning and implementation of those programs; and

"(4) be a continuing and effective mechanism for securing broad community involvement in the programs assisted under this title.

"SPECIFIC POWERS AND FUNCTIONS OF COMMUNITY ACTION AGENCIES"

Use of funds.

"SEC. 212. (a) In order to carry out its overall responsibility for planning, coordinating, evaluating, and administering a community action program, a community action agency must have authority under its charter or applicable law to receive and administer funds under this title, funds and contributions from private or local public sources which may be used in support of a community action program, and funds under any Federal or State assistance program pursuant to which a public or private nonprofit agency (as the case may be) organized in accordance with this part could act as grantee, contractor, or sponsor of projects appropriate for inclusion in a community action program. A community action agency must also be empowered to transfer funds so received, and to delegate powers to other agencies, subject to the powers of its governing board and its overall program responsibilities. This power to transfer funds and delegate powers must include the power to make transfers and delegations covering component projects in all cases where this will contribute to efficiency and effectiveness or otherwise further program objectives.

Community action agency, functions.

"(b) In exercising its powers and carrying out its overall responsibility for a community action program, a community action agency shall have, subject to the purposes of this title, at least the following functions:

"(1) Planning systematically for and evaluating the program, including actions to develop information as to the problems and causes of poverty in the community, determine how much and how effectively assistance is being provided to deal with those problems

and causes, and establish priorities among projects, activities and areas as needed for the best and most efficient use of resources.

"(2) Encouraging agencies engaged in activities related to the community action program to plan for, secure and administer assistance available under this title or from other sources on a common or cooperative basis; providing planning or technical assistance to those agencies; and generally, in cooperation with community agencies and officials, undertaking actions to improve existing efforts to attack poverty, such as improving day-to-day communication, closing service gaps, focusing resources on the most needy, and providing additional opportunities to low-income individuals for regular employment or participation in the programs or activities for which those community agencies and officials are responsible.

"(3) Initiating and sponsoring projects responsive to needs of the poor which are not otherwise being met, with particular emphasis on providing central or common services that can be drawn upon by a variety of related programs, developing new approaches or new types of services that can be incorporated into other programs, and filling gaps pending the expansion or modification of those programs.

"(4) Establishing effective procedures by which the poor and area residents concerned will be enabled to influence the character of programs affecting their interests, providing for their regular participation in the implementation of those programs, and providing technical and other support needed to enable the poor and neighborhood groups to secure on their own behalf available assistance from public and private sources.

"(5) Joining with and encouraging business, labor, and other private groups and organizations to undertake, together with public officials and agencies, activities in support of the community action program which will result in the additional use of private resources and capabilities, with a view to such things as developing new employment opportunities, stimulating investment that will have a measurable impact in reducing poverty among residents of areas of concentrated poverty, and providing methods by which residents of those areas can work with private groups, firms, and institutions in seeking solutions to problems of common concern.

"ADMINISTRATIVE STANDARDS

"SEC. 213. (a) Each community action agency shall observe, and shall (as appropriate) require or encourage other agencies participating in a community action program to observe, standards of organization, management and administration which will assure, so far as reasonably possible, that all program activities are conducted in a manner consistent with the purposes of this title and the objective of providing assistance effectively, efficiently, and free of any taint of partisan political bias or personal or family favoritism. Each community action agency shall establish or adopt rules to carry out this section, which shall include rules to assure full staff accountability in matters governed by law, regulations, or agency policy. Each community action agency shall also provide for reasonable public access to information, including but not limited to public hearings at the request of appropriate community groups and reasonable public access to books and records of the agency or other agencies engaged in program activities or operations involving the use of authority or funds for which it is responsible. And each community action agency

shall adopt for itself and other agencies using funds or exercising authority for which it is responsible, rules designed to establish specific standards governing salaries, salary increases, travel and per diem allowances, and other employee benefits; to assure that only persons capable of discharging their duties with competence and integrity are employed and that employees are promoted or advanced under impartial procedures calculated to improve agency performance and effectiveness; to guard against personal or financial conflicts of interests; and to define employee duties of advocacy on behalf of the poor in an appropriate manner which will in any case preclude employees from participating, in connection with the performance of their duties, in any form of picketing, protest, or other direct action which is in violation of law.

Rules and regulations.

"(b) The Director shall prescribe rules or regulations to supplement subsection (a), which shall be binding on all agencies carrying on community action program activities with financial assistance under this title. He may, where appropriate, establish special or simplified requirements for smaller agencies or agencies operating in rural areas. These special requirements shall not, however, affect the applicability of rules governing conflicts of interest, use of position or authority for partisan or nonpartisan political purposes or participation in direct action, regardless of customary practices or rules among agencies in the community. The Director shall consult with the heads of other Federal agencies responsible for programs providing assistance to activities which may be included in community action programs for the purpose of securing maximum consistency between rules or regulations prescribed or followed by those agencies and those prescribed under this section.

"HOUSING DEVELOPMENT AND SERVICES ORGANIZATIONS

"SEC. 214. Each community action agency shall encourage the establishment of housing development and services organizations designed to focus on the housing needs of low-income families and individuals. Such organizations shall provide the technical, administrative, and financial assistance which is required to help low-income families and individuals more effectively to utilize existing programs, and which is required to enable nonprofit, cooperative, and public sponsors more effectively to take advantage of existing Federal, State, and local mortgage insurance and housing assistance programs. Where appropriate, such organizations may be nonprofit housing development corporations. Such corporations may themselves become sponsors of housing under existing programs of specialized housing agencies, but under no circumstances shall such corporations insure mortgages or duplicate the long-term capital financing functions of programs now administered by the specialized housing agencies. Housing development and service organizations shall coordinate their efforts with other community action agency efforts so that any programs undertaken under authority of this section shall be closely related to other community action programs.

"PART B—FINANCIAL ASSISTANCE TO COMMUNITY ACTION PROGRAMS AND RELATED ACTIVITIES

"GENERAL PROVISIONS FOR FINANCIAL ASSISTANCE

"SEC. 221. (a) The Director may provide financial assistance to community action agencies for the planning, conduct, administration and evaluation of community action programs and components. Those components may involve, without limitation, other activities and sup-

porting facilities designed to assist participants including the elderly poor—

- "(1) to secure and retain meaningful employment;
- "(2) to attain an adequate education;
- "(3) to make better use of available income;
- "(4) to provide and maintain adequate housing and a suitable living environment;
- "(5) to undertake family planning, consistent with personal and family goals, religious and moral convictions;
- "(6) to obtain services for the prevention of narcotics addiction, alcoholism, and the rehabilitation of narcotic addicts and alcoholics;
- "(7) to obtain emergency assistance through loans or grants to meet immediate and urgent individual and family needs, including the need for health services, nutritious food, housing, and employment-related assistance;
- "(8) to remove obstacles and solve personal and family problems which block the achievement of self-sufficiency;
- "(9) to achieve greater participation in the affairs of the community; and
- "(10) to make more frequent and effective use of other programs related to the purposes of this title.

He may also provide financial assistance to other public or private non-profit agencies to aid them in planning for the establishment of a community action agency.

"(b) If the Director determines that a limited purpose project or program involving activities otherwise eligible under this section is needed to serve needs of low-income families and individuals in a community and no community action agency has been designated for that community pursuant to section 210, or where a community action agency gives its approval for such a program to be funded directly through a public or private nonprofit agency or organization, he may extend financial assistance for that project or program to a public or private nonprofit agency which he finds is capable of carrying out the project in an efficient and effective manner consistent with the purpose of this title.

Ante, p. 691.

"(c) The Director shall prescribe necessary rules or regulations governing applications for assistance under this section to assure that every reasonable effort is made by each applicant to secure the views of local public officials and agencies in the community having a direct or substantial interest in the application and to resolve all issues of cooperation and possible duplication prior to its submission.

"(d) After July 1, 1968, the Director shall require, as a condition of assistance, that each community action agency has adopted a systematic approach to the achievement of the purposes of this title and to the utilization of funds provided under this part. Such systematic approach shall encompass a planning and implementation process which seeks to identify the problems and causes of poverty in the community, seeks to mobilize and coordinate relevant public and private resources, establishes program priorities, links program components with one another and with other relevant programs, and provides for evaluation. The Director may, however, extend the time for such requirement to take into account the length of time a program has been in operation. He shall also take necessary steps to assure the participation of other Federal agencies in support of the development and implementation of plans under this subsection.

Financial
assistance,
condition.

"(e) In order to promote local responsibility and initiative, the Director shall not establish binding national priorities on funds authorized by this section, but he shall review each application for

financial assistance on its merits. Before extending financial assistance to a new community action agency under this section, and in determining the amount of and conditions on which such assistance shall be extended, the Director shall consider the extent and nature of poverty in the community and the probable capacity of the agency to carry out an effective program. In reviewing or supplementing financial assistance to a previously existing community action agency, he shall consider the progress made in carrying on programs by such agency.

"SPECIAL PROGRAMS AND ASSISTANCE"

"SEC. 222. (a) In order to stimulate actions to meet or deal with particularly critical needs or problems of the poor which are common to a number of communities, the Director may develop and carry on special programs under this section. This authority shall be used only where the Director determines that the objectives sought could not be effectively achieved through the use of authorities under section 221, including assistance to components or projects based on models developed and promulgated by him. It shall also be used only with respect to programs which (A) involve activities which can be incorporated into or be closely coordinated with community action programs, (B) involve significant new combinations of resources or new and innovative approaches, or (C) are structured in a way that will, within the limits of the type of assistance or activities contemplated, most fully and effectively promote the purposes of this title. Subject to such conditions as may be appropriate to assure effective and efficient administration, the Director may provide financial assistance to public or private non-profit agencies to carry on local projects initiated under such special programs; but he shall do so in a manner that will encourage, wherever feasible, the inclusion of the assisted projects in community action programs, with a view to minimizing possible duplication and promoting efficiencies in the use of common facilities and services, better assisting persons or families having a variety of needs, and otherwise securing from the funds committed the greatest possible impact in promoting family and individual self-sufficiency. Programs under this section shall include those described in the following paragraphs:

"Project Headstart."

"(1) A program to be known as 'Project Headstart' focused upon children who have not reached the age of compulsory school attendance which (A) will provide such comprehensive health, nutritional, education, social, and other services as the Director finds will aid the children to attain their full potential, and (B) will provide for direct participation of the parents of such children in the development, conduct, and overall program direction at the local level.

"Follow Through."

"(2) A program to be known as 'Follow Through' focused primarily upon children in kindergarten or elementary school who were previously enrolled in Headstart or similar programs and designed to provide comprehensive services and parent participation activities as described in paragraph (1), which the Director finds will aid in the continued development of children to their full potential. Funds for such program shall be transferred directly from the Director to the Secretary of Health, Education, and Welfare. Financial assistance for such projects shall be provided by the Secretary on the basis of agreements reached with the Director directly to local educational agencies except as otherwise provided by such agreements.

"Legal Services."

"(3) A 'Legal Services' program to further the cause of justice among persons living in poverty by mobilizing the assistance of lawyers and legal institutions and by providing legal advice, legal representation, counseling, education, and other appropriate serv-

ices. Projects involving legal advice and representation shall be carried on in a way that assures maintenance of a lawyer-client relationship consistent with the best standards of the legal profession. The Director shall make arrangements under which the State bar association and the principal local bar associations in the community to be served by any proposed project authorized by this paragraph shall be consulted and afforded an adequate opportunity to submit, to the Director, comments and recommendations on the proposed project before such project is approved or funded, and to submit, to the Director, comments and recommendations on the operations of such project, if approved and funded. No funds or personnel made available for such program (whether conducted pursuant to this section or any other section in this part) shall be utilized for the defense of any person indicted (or proceeded against by information) for the commission of a crime, except in extraordinary circumstances where, after consultation with the court having jurisdiction, the Director has determined that adequate legal assistance will not be available for an indigent defendant unless such services are made available.

"(4) A 'Comprehensive Health Services' program which shall include—

"Comprehensive Health Services."

"(A) programs to aid in developing and carrying out comprehensive health services projects focused upon the needs of urban and rural areas having high concentrations or proportions of poverty and marked inadequacy of health services for the poor. These projects shall be designed—

"(i) to make possible, with maximum feasible use of existing agencies and resources, the provision of comprehensive health services, such as preventive medical, diagnostic, treatment, rehabilitation, family planning, narcotic addiction and alcoholism prevention and rehabilitation, mental health, dental, and followup services, together with necessary related facilities and services, except in rural areas where the lack of even elemental health services and personnel may require simpler, less comprehensive services to be established first; and

"(ii) to assure that these services are made readily accessible to low-income residents of such areas, are furnished in a manner most responsive to their needs and with their participation and wherever possible are combined with, or included within, arrangements for providing employment, education, social, or other assistance needed by the families and individuals served: *Provided, however,* That such services may be made available on an emergency basis or pending a determination of eligibility to all residents of such areas.

Funds for financial assistance under this paragraph shall be allotted according to need, and capacity of applicants to make rapid and effective use of that assistance, and may be used, as necessary, to pay the full costs of projects. Before approving any project, the Director shall solicit and consider the comments and recommendations of the local medical associations in the area and shall consult with appropriate Federal, State, and local health agencies and take such steps as may be required to assure that the program will be carried on under competent professional supervision and that existing agencies providing related services are furnished all assistance needed to permit them to plan for participation in the program and for the necessary continuation of those related services; and

Funds, allotment.

"(B) Programs to provide financial assistance to public or private agencies for projects designed to develop knowledge or enhance skills in the field of health services for the poor. Such projects shall encourage both prospective and practicing health professionals to direct their talents and energies toward providing health services for the poor. In carrying out the provisions of this paragraph, the Director is authorized to provide or arrange for training and study in the field of health services for the poor. Pursuant to regulations prescribed by him, the Director may arrange for the payment of stipends and allowances (including travel and subsistence expenses) for persons undergoing such training and study and for their dependents. The Director and the Secretary of Health, Education, and Welfare shall achieve effective coordination of programs and projects authorized under this section with other related activities.

"Upward Bound."

"(5) A program to be known as 'Upward Bound' designed to generate skills and motivation necessary for success in education beyond high school among young people from low-income backgrounds and inadequate secondary school preparation. Projects must include arrangements to assure cooperation among one or more institutions of higher education and one or more secondary schools. They must include a curriculum designed to develop creative thinking, effective expression and attitudes toward learning needed for post-secondary educational success, necessary health services and such recreational and cultural and group activities as the Director determines may be appropriate. Financial assistance for such projects may be provided directly to institutions of higher learning, but the projects shall be closely coordinated with activities of community action agencies and activities carried on under the Higher Education Act of 1965.

note.

"Emergency Food
and Medical
Services."

"(6) A program to be known as 'Emergency Food and Medical Services' designed to provide on a temporary emergency basis such basic foodstuffs and medical services as may be necessary to counteract conditions of starvation or malnutrition among the poor. The Director shall arrange to carry out his functions through the Secretary of Agriculture and the Secretary of Health, Education, and Welfare in a manner that will insure the availability of such foodstuffs and services through a community action agency where feasible, or other agencies or organizations if no such agency exists or is able to administer such foodstuffs and services to needy individuals. Each community action agency shall be encouraged to develop projects, such as the furnishing of information on nutrition, which will assist the poor to maintain an adequate and nutritious diet. Of the sums appropriated or allocated for programs authorized under this title, the Director shall reserve and make available not less than \$25,000,000 for the fiscal year ending June 30, 1968, and not less than \$50,000,000 for the fiscal year ending June 30, 1969, for the purpose of carrying out this paragraph.

Funds.

"Family Plan-
ning."

"(7) A 'Family Planning' program to provide assistance and services to low-income persons in the field of voluntary family planning, including the provision of information, medical assistance, and supplies. The Director and the Secretary of Health, Education, and Welfare shall coordinate, and assure a full exchange of information concerning, family planning projects within their respective jurisdictions in order to assure the maxi-

imum availability of services and in order best to meet the varying needs of different communities. The Secretary of Health, Education, and Welfare shall make the services of Public Health Service officers available to the Director in carrying out this program.

"(8) A program to be known as 'Senior Opportunities and Services' designed to identify and meet the needs of older, poor persons above the age of 60 in one or more of the following areas: development and provision of new employment and volunteer services; effective referral to existing health, welfare, employment, housing, legal, consumer, transportation, education, and recreational and other services; stimulation and creation of additional services and programs to remedy gaps and deficiencies in presently existing services and programs; modification of existing procedures, eligibility requirements and program structures to facilitate the greater use of, and participation in, public services by the older poor; development of all-season recreation and service centers controlled by older persons themselves; and such other activities and services as the Director may determine are necessary or specially appropriate to meet the needs of the older poor and to assure them greater self-sufficiency. In administering this program the Director shall utilize to the maximum extent feasible the services of the Administration of Aging in accordance with agreements with the Secretary of Health, Education, and Welfare.

"Senior Opportunities and Services."

"(b) Consistent with, and subject to, the provisions of sections 230 and 232 (a), (b), and (c), programs under this section may include related training, research, and technical assistance, and funds allocated for this purpose may be allotted and used in the manner otherwise provided under this title with respect to training, research, and technical assistance activities.

"RESIDENT EMPLOYMENT

"SEC. 223. In the conduct of all component programs under this part, residents of the area and members of the groups served shall be provided maximum employment opportunity, including opportunity for further occupational training and career advancement. The Director shall encourage the employment of persons fifty-five years and older as regular, part-time and short-term staff in component programs.

"NEIGHBORHOOD CENTERS

"SEC. 224. The Director shall encourage the development of neighborhood centers, designed to promote the effectiveness of needed services in such fields as health, education, manpower, consumer protection, child and economic development, housing, legal, recreation, and social services, and so organized (through a corporate or other appropriate framework) as to promote maximum participation of neighborhood residents in center planning, policymaking, administration, and operation. In addition to providing such services as may not otherwise be conveniently or readily available, such centers shall be responsive to such neighborhood needs, such as counseling, referral, follow-through, and community development activities, as may be necessary or appropriate to best assure a system under which existing programs are extended to the most disadvantaged, are linked to one another, are responsive and relevant to the range of community, family, and individual problems and are fully adapted to neighborhood needs and conditions.

"ALLOTMENT OF FUNDS; LIMITATIONS ON ASSISTANCE"

"SEC. 225. (a) Of the sums which are appropriated or allocated for assistance in the development and implementation of community action programs pursuant to section 221, and for special program projects referred to in section 222(a), and which are not subject to any other provision governing allotment or distribution, the Director shall allot not more than 2 per centum among Puerto Rico, Guam, American Samoa, the Trust Territory of the Pacific Islands, and the Virgin Islands, according to their respective needs. He shall also reserve not more than 20 per centum of those sums for allotment in accordance with such criteria and procedures as he may prescribe. The remainder shall be allotted among the States, in accordance with the latest available data, so that equal proportions are distributed on the basis of (1) the relative number of public assistance recipients in each State as compared to all States, (2) the average number of unemployed persons in each State as compared to all States, and (3) the relative number of related children living with families with incomes of less than \$1,000 in each State as compared to all States. That part of any State's allotment which the Director determines will not be needed may be reallocated, at such dates during the fiscal year as the Director may fix, in proportion to the original allotments, but with appropriate adjustments to assure that any amount so made available to any State in excess of its needs is similarly reallocated among the other States.

Reallotment.

Special programs, allotment.

"(b) The Director may provide for the separate allotment of funds for any special program referred to in section 222(a). This allotment may be made in accordance with the criteria prescribed in subsection (a), or it may be made in accordance with other criteria which he determines will assure an equitable distribution of funds reflecting the relative incidence in each State of the needs or problems at which the program is directed, except that in no event may more than 12½ per centum of the funds for any one program be used in any one State.

"(c) Unless otherwise provided in this part, financial assistance extended to a community action agency or other agency pursuant to sections 221 and 222(a), for the period ending June 30, 1967, shall not exceed 90 per centum of the approved cost of the assisted programs or activities, and thereafter shall not exceed 80 per centum of such costs. The Director may, however, approve assistance in excess of such percentages if he determines, in accordance with regulations establishing objective criteria, that such action is required in furtherance of the purposes of this title. Non-Federal contributions may be in cash or in kind, fairly evaluated, including but not limited to plant, equipment, or services. If in any fiscal year, a community provides non-Federal contributions under this title exceeding its requirements under this section, such excess may be used to meet its requirements for such contributions under section 131.

Non-Federal contribution.

Ante, p. 687.
Restriction.

"(d) No program shall be approved for assistance under sections 221 and 222(a) unless the Director satisfies himself (1) that the services to be provided under such program will be in addition to, and not in substitution for, services previously provided without Federal assistance, and (2) that funds or other resources devoted to programs designed to meet the needs of the poor within the community will not be diminished in order to provide any contributions required under subsection (c). The requirement imposed by the preceding sentence shall be subject to such regulations as the Director may adopt and promulgate establishing objective criteria for determinations covering situations where a strict application of that requirement would result in unnecessary hardship or otherwise be inconsistent with the purposes sought to be achieved.

"PART C—SUPPLEMENTAL PROGRAMS AND ACTIVITIES**"TECHNICAL ASSISTANCE AND TRAINING**

"SEC. 230. The Director may provide, directly or through grants or other arrangements, (1) technical assistance to communities in developing, conducting, and administering programs under this title, and (2) training for specialized or other personnel which is needed in connection with those programs or which otherwise pertains to the purposes of this title. Upon request of an agency receiving financial assistance under this title, the Director may make special assignments of personnel to the agency to assist and advise it in the performance of functions related to the assisted activity; but no such special assignment shall be for a period of more than two years in the case of any agency.

"STATE AGENCY ASSISTANCE

"SEC. 231. (a) The Director may provide financial assistance to State agencies designated in accordance with State law, to enable those agencies—

"(1) to provide technical assistance to communities and local agencies in developing and carrying out programs under this title;

"(2) to assist in coordinating State activities related to this title;

"(3) to advise and assist the Director in developing procedures and programs to promote the participation of States and State agencies in programs under this title; and

"(4) to advise and assist the Director, the Economic Opportunity Council established by section 631 of the Act, and the heads of other Federal agencies, in identifying problems posed by Federal statutory or administrative requirements that operate to impede State level coordination of programs related to this title, and in developing methods or recommendations for overcoming those problems.

Post, p. 718.

"(b) In any grants or contracts with State agencies, the Director shall give preference to programs or activities which are administered or coordinated by the agencies designated pursuant to subsection (a), or which have been developed and will be carried on with the assistance of those agencies.

"(c) In order to promote coordination in the use of funds under this Act and funds provided or granted by State agencies, the Director may enter into agreements with States or State agencies pursuant to which they will act as agents of the United States for purposes of providing financial assistance to community action agencies or other local agencies in connection with specific projects or programs involving the common or joint use of State funds and funds under this title.

"RESEARCH AND PILOT PROGRAMS

"SEC. 232. (a) The Director may contract or provide financial assistance for pilot or demonstration projects conducted by public or private agencies which are designed to test or assist in the development of new approaches or methods that will aid in overcoming special problems or otherwise in furthering the purposes of this title. He may also contract or provide financial assistance for research pertaining to the purposes of this title.

"(b) The Director shall establish an overall plan to govern the approval of pilot or demonstration projects and the use of all research authority under this title. The plan shall set forth specific objectives to

be achieved and priorities among such objectives. In formulating the plan, the Director shall consult with other Federal agencies for the purpose of minimizing duplication among similar activities or projects and determining whether the findings resulting from any research or pilot projects may be incorporated into one or more programs for which those agencies are responsible. As part of the annual report required by section 608, or in a separate annual report, the Director shall submit a description for each fiscal year of the current plan required by this section, of activities subject to the plan, and of the findings derived from those activities, together with a statement indicating the time and, to the extent feasible, the manner in which the benefits of those activities and findings are expected to be realized.

“(c) Not more than 15 per centum of the sums appropriated or allocated in any fiscal year for this title shall be used for the purposes of this section. One-third of the sums so appropriated or allocated shall be available only for projects authorized under subsection (f) of this section.

“(d) No pilot or demonstration project under this section shall be commenced in any city, county, or other major political subdivision, unless a plan setting forth such proposed pilot or demonstration project has been submitted to the appropriate community action agency, or, if there is no such agency, to the local governing officials of the political subdivision, and such plan has not been disapproved by the community action agency or governing body, as the case may be, within thirty days of such submission, or, if so disapproved, has been reconsidered by the Director and found by him to be fully consistent with the provisions and in furtherance of the purposes of this title.

“(e) The Director shall develop and carry out pilot projects which (1) aid elderly persons to achieve greater self-sufficiency, (2) focus upon the problems of rural poverty, (3) are designed to develop new techniques and community-based efforts to prevent narcotics addiction or to rehabilitate narcotic addicts, or (4) are designed to encourage the participation of private organizations, other than nonprofit organizations, in programs under this title.

“(f) The Director shall conduct, either directly or through grants or other arrangements, research and pilot projects designed to assure a more effective use of human and natural resources of rural America and to slow the migration from rural areas due to lack of economic opportunity, thereby reducing population pressures in urban centers. Such projects may be operated jointly or in cooperation with other federally assisted programs, particularly programs authorized under the Public Works and Economic Development Act of 1965, in the area to be served by the project.

“EVALUATION

“SEC. 233. (a) The Director shall provide for the continuing evaluation of programs under this title, including their effectiveness in achieving stated goals, their impact on related programs, and their structure and mechanisms for the delivery of services and including, where appropriate, comparisons with proper control groups composed of persons who have not participated in such programs. He may, for this purpose, contract for independent evaluations of those programs or individual projects. He may require community action agencies to provide for independent evaluations, and where appropriate, he may also require a community action agency to establish an independent group or committee to provide evaluation and advisory services on either a short-term or continuing basis. He shall consult with other Federal agencies, or where appropriate with State agencies, in order to provide wherever feasible for jointly sponsored objective evaluation studies on a National or State basis. He shall also arrange for obtain-

42 USC 2948.

"(b) The Director shall develop and publish standards for evaluation of program effectiveness in achieving the objectives of this title. Such standards shall be considered in deciding whether to renew or supplemental financial assistance provided by sections 221, 222, 230, and 231.

Study and evaluation.

"(c) The Director shall provide by contract for the conduct of an independent study and evaluation of the action taken under sections 210 and 211 of this Act and the effects thereof, with particular reference to (1) the exercise of their authorities under the provisions of title II of this Act by States and political subdivisions, (2) the participation of residents of the areas and members of the groups served, public officials and others and (3) the administrative and program advantages and disadvantages, if any, encountered or foreseen in implementing such sections. He shall transmit such study and evaluation to the Congress before April 1, 1969.

Transmittal to Congress.

"PART D—GENERAL AND TECHNICAL PROVISIONS

"ASSISTANT DIRECTORS FOR COMMUNITY ACTION

"SEC. 240. The Director shall appoint two assistant directors for the purpose of assisting the Director in the administration of the provisions of this title. One such assistant director, to be known as the Assistant Director for Community Action in Rural Areas, shall be responsible for assuring that funds allotted for assistance to programs or projects designed to assist the rural poor are so expended. The other assistant director, to be known as the Assistant Director for Community Action in Urban Areas, shall be responsible for assuring that funds allotted for assistance to programs or projects designed to assist the urban poor are so expended. Each assistant director shall have such additional responsibilities consistent with the foregoing responsibilities as the Director may hereafter assign.

Assistant Directors, appointment.

"RURAL AREAS

"SEC. 241. (a) In exercising authority under this title, the Director shall take necessary steps to further the extension of benefits to residents of rural areas, consistent with the extent and severity of poverty among rural residents, and to encourage high levels of managerial and technical competence in programs undertaken in rural areas. These steps shall include, to the maximum extent practicable, (1) the development under section 222(a) of programs particularly responsive to special needs of rural areas; (2) the establishment, pursuant to section 232, of a program of research and pilot project activities specifically focused upon the problems of rural poverty; (3) the provision of technical assistance so as to afford a priority to agencies in rural communities and to aid those agencies, through such arrangements as may be appropriate, in securing assistance under Federal programs which are related to this title but which are not generally utilized in rural areas; and (4) the development of special or simplified procedures, forms, guidelines, model components, and model programs for use in rural areas.

"(b) The Director shall establish criteria designed to achieve an equitable distribution of assistance under this title within the States between urban and rural areas. In developing such criteria, he shall

consider the relative number in the States or areas therein of: (1) low-income families, particularly those with children; (2) unemployed persons; (3) persons receiving cash or other assistance on a needs basis from public agencies or private organizations; (4) school drop-outs; (5) adults with less than an eighth-grade education; (6) persons rejected for military service; and (7) poor persons living in urban places compared to the number living in rural places as determined by the latest reports of the Bureau of the Census.

“(c) Notwithstanding any other provision of this title, the Director is authorized to provide financial assistance in rural areas to public or private nonprofit agencies for any project for which assistance to community action agencies is authorized, if he determines that it is not feasible to establish a community action agency within a reasonable period of time. The assistance so granted shall be subject to such conditions as the Director deems appropriate to promote adherence to the purposes of this title and the early establishment of a community action agency in the area.

“(d) The Director shall encourage the development of programs for the interchange of personnel, for the undertaking of common or related projects, and other methods of cooperation between urban and rural communities, with particular emphasis on fostering cooperation in situations where it may contribute to new employment opportunities, and between larger urban communities with concentrations of low-income persons and families and rural areas in which substantial numbers of those persons and families have recently resided.

“SUBMISSION OF PLANS TO GOVERNORS

“SEC. 242. In carrying out the provisions of this title, no contract, agreement, grant, loan, or other assistance shall be made with, or provided to, any State or local public agency or any private institution or organization for the purpose of carrying out any program, project, or other activity within a State unless a plan setting forth such proposed contract, agreement, grant, loan, or other assistance has been submitted to the Governor of the State, and such plan has not been disapproved by the Governor within thirty days of such submission, or, if so disapproved, has been reconsidered by the Director and found by him to be fully consistent with the provisions and in furtherance of the purposes of this title. This section shall not, however, apply to contracts, agreements, grants, loans, or other assistance to any institution of higher education in existence on the date of the approval of this Act.

“FISCAL RESPONSIBILITY AND AUDIT

“SEC. 243. (a) No funds shall be released to any agency receiving financial assistance under this title until it has submitted to the Director a statement certifying that the assisted agency and its delegate agencies (or subcontractors for performance of any major portion of the assisted program) have established an accounting system with internal controls adequate to safeguard their assets, check the accuracy and reliability of the accounting data, promote operating efficiency and encourage compliance with prescribed management policies and such additional fiscal responsibility and accounting requirements as the Director may establish. The statement may be furnished by a certified public accountant, a duly licensed public accountant or, in the case of a public agency, the appropriate public financial officer who accepts responsibility for providing required financial services to that agency.

“(b) Within three months after the effective date of a grant to or contract of assistance with an organization or agency, the Director shall make or cause to be made a preliminary audit survey to review

and evaluate the adequacy of the accounting system and internal controls established thereunder to meet the standards set forth in the statement referred to in subsection (a). Promptly after the completion of the survey, the Director shall determine on the basis of findings and conclusions resulting from the survey whether the accounting systems and internal controls meet those standards and, if not, whether to suspend the grant or contract. In the event of suspension, the assisted agency shall be given not more than six months within which to establish the necessary systems and controls, and, in the event of failure to do so within such time period, the assistance shall be terminated by the Director.

"(c) At least once annually the Director shall make or cause to be made an audit of each grant or contract of assistance under this title. Promptly after the completion of such audit, he shall determine on the basis of resulting findings and conclusions whether any of the costs of expenditures incurred shall be disallowed. In the event of disallowance, the Director may seek recovery of the sums involved by appropriate means, including court action or a commensurate increase in the required non-Federal share of the costs of any grant or contract with the same agency or organization which is then in effect or which is entered into within twelve months after the date of disallowance.

Annual audits.

"(d) The Director shall establish such other requirements and take such actions as he may deem necessary and appropriate to carry out the provisions of this section and to insure fiscal responsibility and accountability, and the effective and efficient handling of funds in connection with programs assisted under this title. These requirements and actions shall include (1) necessary action to assure that the rate of expenditure of any agency receiving financial assistance does not exceed the rate contemplated under its approved program; and (2) appropriate requirements to promote the continuity and coordination of all projects or components of programs receiving financial assistance under this title, including provision for the periodic reprogramming and supplementation of assistance previously provided.

"SPECIAL LIMITATIONS

"SEC. 244. The following special limitations shall apply, as indicated, to programs under this title.

"(1) Financial assistance under this title may include funds to provide a reasonable allowance for attendance at meetings of any community action agency governing board, neighborhood council or committee, as appropriate to assure and encourage the maximum feasible participation of members of groups and residents of areas served in accordance with the purposes of this title, and to provide reimbursement of actual expenses connected with those meetings; but those funds (or matching non-Federal funds) may not be used to pay allowances in the case of any individual who is a Federal, State, or local government employee, or an employee of a community action agency, or for payment of an allowance to any individual for attendance at more than two meetings a month.

"(2) The Director shall issue necessary rules or regulations to assure that no employee engaged in carrying out community action program activities receiving financial assistance under this title is compensated from funds so provided at a rate in excess of \$15,000 per annum, and that any amount paid to such an employee at a rate in excess of \$15,000 per annum shall not be considered in determining whether the non-Federal contributions requirements of section 225 (c) have been complied with; the Director may, however, provide in those rules or regulations for exceptions covering

Compensation, limitation.

cases (particularly in large metropolitan areas) where, because of the need for specialized or professional skills or prevailing local salary levels, application of the foregoing restriction would greatly impair program effectiveness or otherwise be inconsistent with the purposes sought to be achieved.

"(3) No officer or employee of the Office of Economic Opportunity shall serve as member of a board, council, or committee of any agency serving as grantee, contractor, or delegate agency in connection with a program receiving financial assistance under this title; but this shall not prohibit an officer or employee from serving on a board, council, or committee which does not have any authority or powers in connection with a program assisted under this title.

"(4) In granting financial assistance for projects or activities in the field of family planning, the Director shall assure that family planning services, including the dissemination of family planning information and medical assistance and supplies, are made available to all low-income individuals who meet the criteria for eligibility for assistance under this title which have been established by the assisted agency and who desire such information, assistance, or supplies. The Director shall require, in connection with any such financial assistance, that—

"(A) no individual will be provided with any information, medical supervision, or supplies which that individual indicates are inconsistent with his or her moral, philosophical, or religious beliefs; and

"(B) no individual will be provided with any medical supervision or supplies unless he or she has voluntarily requested such medical supervision or supplies.

The use of family planning services assisted under this title shall not be a prerequisite to the receipt of services from or participation in any other programs under this Act.

"(5) No financial assistance shall be extended under this title to provide general aid to elementary or secondary education in any school or school system; but this shall not prohibit the provision of special, remedial, and other noncurricular educational assistance.

"(6) In extending assistance under this title the Director shall give special consideration to programs which make maximum use of existing schools, community centers, settlement houses, and other facilities during times they are not in use for their primary purpose.

"(7) No financial assistance shall be extended under this title in any case in which the Director determines that the costs of developing and administering all of the programs assisted under this title carried on by or under the supervision of any community action agency exceed 15 per centum of the total costs, including non-Federal contributions to such costs, of such programs. The Director, after consultation with the Director of the Bureau of the Budget, shall establish by regulation, criteria for determining (i) the costs of developing and administering such programs, and (ii) the total costs of such programs. In any case in which the Director determines that the cost of administering such programs does not exceed 15 per centum of such total costs but is, in his judgment, excessive, he shall forthwith require such community action agency to take such steps prescribed by him as will eliminate such excessive administrative cost, including the sharing by one or more such community action agencies of a common director and other administrative personnel. The Director may waive the

"PART B—DAY CARE PROJECTS

"STATEMENT OF PURPOSE

"SEC. 521. The purpose of this part is to provide day care for children from families which need such assistance to become or remain self-sufficient or otherwise to obtain objectives related to the purposes of this Act, with particular emphasis upon enabling the parents or relatives of such children to choose to undertake or to continue basic education, vocational training, or gainful employment.

"FINANCIAL ASSISTANCE FOR DAY CARE PROJECTS

"SEC. 522. (a) The Director is authorized to provide financial assistance to appropriate public agencies and private organizations to pay not to exceed 90 per centum of the cost of planning, conducting, administering, and evaluating projects under which children from low-income families or from urban and rural areas with large concentrations or proportions of low-income persons may receive day care. Non-Federal contributions may be in cash or in kind, fairly evaluated, including but not limited to plant, equipment and services. Such day care projects shall provide health, education, social, and such other supportive services as may be needed. Financial assistance under this section may be provided to employers, labor unions, or to joint employer-union organizations, for day care projects established at or in association with a place of employment or training where such projects are financed in major part through private funds. "(d) The Director and the Secretary of Health, Education, and Welfare shall take all necessary steps to coordinate programs under their jurisdictions which provide day care, with a view to establishing, insofar as possible, a common set of program standards and regulations, and mechanisms for coordination at the State and local levels. In approving applications for assistance under this part, the Director shall take into consideration (1) the extent to which applicants show evidence of coordination and cooperation between their projects and other day care programs in the areas which they will serve, and (2) the extent to which unemployed or low-income individuals are to be employed, including individuals receiving or eligible to receive assistance under the Social Security Act.

“(e) Each project to which payments are made hereunder shall provide for a thorough evaluation. This evaluation shall be conducted by such agency or independent public or private organization as the Director shall designate, with a view to determining, among other things, the extent to which the day care provided may have increased the employment of parents and relatives of the children served, the extent to which such day care may have reduced the costs of aid and services to such children, the extent to which such children have received health and educational benefits, and the extent to which the project has been coordinated with other day care activities in the area served. Up to 100 per centum of the costs of evaluation may be paid by the Director from funds appropriated for the purposes of carrying out this part, except that where such evaluation is carried on by the assisted agency itself, he may pay only 90 per centum of such costs. Such evaluations, together with a report on the program described in this part, shall be included in the report required by section 608.

In the case of other programs related to this Act, the heads of the Federal agencies responsible for those programs shall, to the extent permitted by law, similarly provide assistance for projects and activities in a manner which encourages combinations with other related projects and activities where appropriate, and with community action programs. The Economic Opportunity Council shall, in carrying out its responsibilities under this part, make a continuing review of the operation of this section with a view to (1) determining particular groups of programs which, because of their objectives, or similarities in target groups or areas, are especially appropriate for combined or closely coordinated operation at the State or local level, and making recommendations accordingly to the President or appropriate Federal officials; (2) evaluating Federal agency procedures for carrying out this section, and developing or recommending additional or common procedures, as appropriate; and (3) determining whether, and to what extent, consolidations of Federal programs may be justified and making recommendations respecting such consolidations to the Director and the President.

In connection with operation of the center, the Director may carry on research or studies concerning the improvement of information systems in support of the purposes of this Act, the adequacy of existing data, ways in which data generated on the State and local level may be incorporated into Federal information systems, and methods by which data may be made more readily available to State and local officials or used to further coordination objectives.

"(b) The Director shall publish and maintain on a current basis, a catalog of Federal programs relating to individual and community improvement. He may also make grants, from funds appropriated to carry out title II of this Act, to States and communities to establish information service centers for the collection, correlation, and distribution of information required to further the purposes of this Act.

"(c) In order to assure that all appropriate officials are kept fully informed of programs related to this Act, and that maximum use is made of those programs, the Director shall establish procedures to assure prompt distribution to State and local agencies of all current information, including administrative rules, regulations, and guidelines, required by those agencies for the effective performance of their responsibilities.

"PROHIBITION

"SEC. 636. "(1) 'Programs related to this Act' include programs under this Act and all Federal or federally assisted programs which have objectives which are, in whole or substantial part, complementary to the purposes of this Act, or which provide resources which may be used in combination with resources under this Act to assist in achieving any of the purposes of this Act.

SEC. 110. Title VIII of the Economic Opportunity Act of 1964 is amended to read as follows:

"TITLE VIII—DOMESTIC VOLUNTEER SERVICE PROGRAMS

"VOLUNTEERS IN SERVICE TO AMERICA

"STATEMENT OF PURPOSE

"SEC. 801. This title provides for a program of full-time volunteer service, for programs of part-time or short-term community volunteer service, and for special volunteer programs, together with other powers and responsibilities designed to assist in the development and coordination of volunteer programs. Its purpose is to strengthen and supplement efforts to eliminate poverty by encouraging and enabling persons from all walks of life and all age groups, including elderly and retired Americans, to perform meaningful and constructive service as volunteers in part-time or short-term programs in their home or nearby communities, and as full-time volunteers serving in rural areas and urban communities, on Indian reservations, among migrant workers, in Job Corps centers, and in other agencies, institutions, and situations where the application of human talent and dedication may help the poor to overcome the handicaps of poverty and to secure and exploit opportunities for self-advancement.

"PART A—FULL-TIME VOLUNTEER PROGRAMS

"AUTHORITY TO ESTABLISH FULL-TIME PROGRAMS

"SEC. 810. (a) The Director may recruit, select, and train persons to serve in full-time volunteer programs, and upon request of Federal, State, or local agencies, or private nonprofit organizations, may assign such volunteers to work—

"(1) in meeting the health, education, welfare, or related needs of Indians living on reservations, of migratory workers and their families, or of residents of the District of Columbia, the Commonwealth of Puerto Rico, Guam, American Samoa, the Virgin Islands, or the Trust Territory of the Pacific Islands;

"(2) in the care and rehabilitation of the mentally ill or mentally retarded under treatment at nonprofit mental health or mental retardation facilities; and

"(3) in connection with programs or activities authorized, supported, or of a character eligible for assistance under this Act.

"(b) The assignment of volunteers under this section shall be on such terms and conditions (including restrictions on political activities

that appropriately recognize the special status of volunteers living among the persons or groups served by programs to which they have been assigned) as the Director may determine, including work assignments in their own or nearby communities; but volunteers under this part shall not be assigned to duties or work in any State without the consent of the Governor. The assignment of such a volunteer in any State shall be terminated by the Director when so requested by the Governor of such State not later than thirty days or at a time thereafter agreed upon by the Governor and Director after such request has been made by the Governor to the Director.

"TERMS OF SERVICE

"SEC. 811. (a) Volunteers under this part shall be required to make a full-time personal commitment to combating poverty. To the extent practicable, this shall include a commitment to live among and at the economic level of the people served, and to remain available for service without regard to regular working hours, at all times during their term of service, except for authorized periods of leave.

"(b) Volunteers under this part shall be enrolled for one-year periods of service, excluding time devoted to training. The Director may, however, allow persons who are unable to make a full one-year commitment to enroll as volunteer associates for periods of service of not less than two months where he determines that this more limited service will effectively promote the purposes of this title.

"(c) All volunteers under this part shall take and subscribe to an oath or affirmation in the form prescribed by section 106 of this Act, and the provisions of section 1001 of title 18, United States Code, shall be applicable with respect to that oath or affirmation.

"SUPPORT OF FULL-TIME VOLUNTEERS

"SEC. 812. (a) The Director may provide a stipend to volunteers under this part while they are in training and on assignment, but the stipend shall not exceed \$50 per month during the volunteer's first year of service. He may provide a stipend not to exceed \$75 per month in the case of persons who have served for at least one year and who, in accordance with standards prescribed by him, have been designated volunteer leaders on the basis of experience and special skills. The Director may also provide volunteers such living, travel (including travel to and from the place of training), and leave allowances, and such housing, supplies, equipment, subsistence, clothing, health and dental care, or such other support, as he may deem necessary or appropriate for their needs.

"(b) Stipends shall be payable only upon completion of a term of service; except that in extraordinary circumstances the Director may from time to time advance accrued stipend, or any portion thereof, to or on behalf of a volunteer. In the event of the death of a volunteer during service, the amount of any unpaid stipend shall be paid in accordance with the provisions of section 5582 of title 5, United States Code.

"(c) The Director may provide or arrange for educational and vocational counseling of volunteers and recent volunteers to encourage them to use the skills and experience which they have derived from their training and service in the national interest, and particularly in combating poverty as members of the helping professions.

80 Stat. 495.

Pursuant to appropriate plans, agreements, or arrangements the Director may provide financial, technical, or other assistance needed to carry on projects that are undertaken in connection with these programs. These projects may include, without limitation, activities designed (1) to encourage greater numbers of persons to participate, as volunteers, in local programs and projects assisted under this Act, with particular emphasis upon programs designed to aid youth or promote child development; (2) to encourage persons with needed managerial, professional, or technical skills to contribute those skills to programs for the development or betterment of urban and rural neighborhoods or areas having especially large concentrations or proportions of the poor, with particular emphasis upon helping residents of those neighborhoods or areas to develop the competence necessary to take advantage of public and private resources which would not otherwise be available or used for those programs; and (3) to assist existing national and local agencies relying upon or in need of volunteers to obtain volunteer services more readily, or to provide specialized short-term training, with particular emphasis on agencies serving the most seriously disadvantaged, operating in areas of the most concentrated poverty, or having similar critical needs.

"(b) Persons serving as volunteers under this section shall receive no living allowance or stipend and only such other support or allowances as the Director determines, pursuant to regulations, are required because of unusual or special circumstances affecting the project.

"(c) The services of any person, if otherwise allowable as a non-Federal contribution toward the cost of any program or project assisted under this or any other Federal Act, shall not be disallowed merely by reason of actions of the Director under this section in providing for or assisting in the recruitment, referral, or preservice training of such person.

"SPECIAL VOLUNTEER PROGRAMS

"SEC. 821. The Director is authorized to conduct, or provide by grant or contract for, special volunteer programs designed to stimulate and initiate improved methods of providing volunteer services and to encourage wider volunteer participation, in furtherance of the purposes of this title. "(4) not more than forty such members are furnished pursuant to this section during the fiscal year ending June 30, 1968, and not more than sixty such members are so furnished during each of the two succeeding fiscal years.

"(b) Members of the Teacher Corps enrolled for purposes of this section, who are not experienced teachers, shall be compensated at the rate of \$75 per week plus \$15 per week for each dependent. Such members who are experienced teachers shall be compensated at a rate to be fixed by the Commissioner of Education. Assignment of members of the Teacher Corps pursuant to this section shall be without regard to the provisions of section 513(c) of the Higher Education Act of 1965.

In carrying out this title, the Director shall take necessary steps, including the development of special projects where appropriate, to encourage the fullest participation of older persons and older persons membership groups as volunteers and participant agencies in the various programs and activities authorized under this title and, because of the high proportion of older persons within the poverty group, shall encourage the development of a variety of volunteer services to older persons, including special projects, to assure that they are served in proportion to their need.
