political subdivisions thereof) or with multilateral organizations and institutions for sharing liabilities assumed under investment insurance for such investments and may in connection therewith issue insurance to investors not otherwise eligible hereunder, except that liabilities assumed by the Corporation under the authority of this subsection shall be consistent with the purposes of this title and that the maximum share of liabilities so assumed shall not exceed the proportionate participation by eligible investors in the total project financing, and that the maximum share of liabilities so assumed under paragraph (1) (A) and (B) or paragraph (1) (C) shall not exceed the Corporation's proportional share for such liabilities as specified in paragraph (4) or (5) of this subsection."

If for good reason it is not possible for the Corporation to achieve either such percentage of participation, the Corporation shall report in detail to the Committee on Foreign Relations of the Senate and the Committee on Foreign Affairs of the House of Representatives the reasons for its inability to achieve either such percentage of participation, and the date by which such percentage is to be achieved.

Report to congressional committees.

"(6) Notwithstanding any of the percentages of participation under paragraphs (4) (A) and (5) (A) of this subsection, the Corporation may agree to assume liability as insurer for any contract of insurance, or share thereof, that a private insurance company, multilateral

organization, or any other person has issued in respect of the risks referred to in paragraph (1) of this subsection, and neither the execution of any such agreement to assume liability nor its performance by the Corporation shall be considered as participation by the Corporation in any such contract for purposes of such percentages of participation. On and after January 1, 1981, the Corporation shall not enter into any such agreement to assume liability.

“(7) On and after December 31, 1979, the Corporation shall not manage direct insurance issued after such date in respect of risks referred to in paragraph (1)(A) or (B) of this subsection unless Congress by law modifies this sentence. “(4) To issue, upon such terms and conditions as it may determine, reinsurance of liabilities assumed by other insurers or groups thereof in respect of risks referred to in subsection (a) (1).

The authority granted by paragraph (3) may be exercised notwithstanding the prohibition under subsection (c) against the Corporation purchasing or investing in any stock in any other corporation. The amount of reinsurance of liabilities under this title which the Corporation may issue shall not exceed \$600,000,000 in any one year, and the amount of such reinsurance shall not in the aggregate exceed at any one time an amount equal to the amount authorized for the maximum contingent liability outstanding at any one time under section 235(a) (1). All reinsurance issued by the Corporation under this subsection shall require that the reinsured party retain for his own account specified portions of liability, whether first loss or otherwise, and the Corporation shall endeavor to increase such specified portions to the maximum extent possible.”

However, no appropriations shall be made to augment the Insurance Reserve until the amount of funds in the Insurance Reserve is less than \$25,000,000. Any appropriations to augment the Insurance Reserve shall then only be made either pursuant to specific authorization enacted after the date of enactment of the Overseas Private Investment Corporation Amendments Act of 1974, or to satisfy the full faith and credit provision of section 237 (c). In order to discharge liabilities under investment insurance or reinsurance, the Corporation is authorized to issue from time to time for purchase by the Secretary of the Treasury its notes, debentures, bonds, or other obligations; but the aggregate amount of such obligations outstanding at any one time shall not exceed \$100,000,000. Any such obligation shall be repaid to the Treasury within one year after the date of issue of such obligation. Any such obligation shall bear interest at a rate determined by the Secretary of the Treasury, taking into consideration the current average market yield on outstanding marketable obligations of the United States of comparable maturities during the month preceding the issuance of any obligation authorized by this subsection. The Secretary of the Treasury shall purchase any obligation of the Corporation issued under this subsection, and for such purchase he may use as a public debt transaction the proceeds of the sale of any securities issued under the Second Liberty Bond Act after the date of enactment of the Overseas Private Investment Corporation Amendments Act of 1974.
